

DURRANT HOLDS GROUNDBREAKING CEREMONY

The Durrant Group Inc. will hold a public groundbreaking ceremony Friday, June 8 for its new corporate headquarters located at the Port of Dubuque.

The groundbreaking ceremony will be at 2:00 p.m. at 400 Ice Harbor Drive at the Port of Dubuque. The public is invited and encouraged to attend the approximately one and a half hour ceremony.

Durrant's new 18,000 square foot headquarters will be an adaptive reuse of the former industrial building on the site, demonstrating their initiative for sustainable "green" design. The newly-designed building will recall its industrial heritage, while providing a contemporary and environmentally-conscious facility. Durrant plans to achieve a LEED® Gold status from the U.S. Green Building Council.

About Durrant

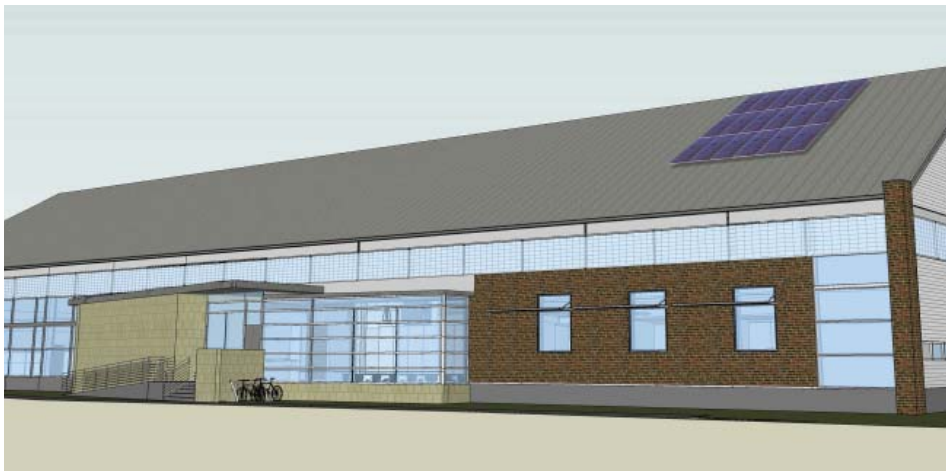

Durrant has been a leader in the A/E industry for almost 75 years and our 11 office locations offer comprehensive architecture, engineering, and project delivery services around the globe. At Durrant, design is our passion and our clients are our inspiration. We fuse expertise with innovation to deliver vibrant and functional designs, positively shaping the community and our environment.

For Immediate Release: June 2007
