Dubuque, Iowa—Durrant was recently ranked No. 328 on Engineering News Record's (ENR) annual list of Top 500 Design Firms. The Top 500 Design Firms list, published annually in April, ranks the 500 largest U.S.-based design firms, both publicly and privately held, based on design-specific revenue.

ENR's Top 500 Design Firms generated design revenue of \$90.58 billion in 2008, up 12.36% from 2007's mark of \$80.62 billion. Of the 474 firms on this year's list that returned a survey last year, only 304 showed revenue gains over 2007, while 166 saw their revenue decline, with four firms unchanged.
