

DURRANT ANNOUNCES AWARD OF 'THE STREETS OF SAINT CHARLES AT NOAH'S ARK' DEVELOPMENT

St. Louis, MO—The Durrant Group, Inc. is excited to announce the award of **Architect and Engineer of Record** for **The Streets of St. Charles at Noah's Ark**. Cullinan Properties, Ltd. is the developer of this new urbanism mixed-use development planned for the former Noah's Ark restaurant and hotel site just south of I-70 at Fifth Street. The 1,557,600 square foot development will include retail at ground level surrounded by commercial, office, hospitality and residential functions. **Diane Curran is the Senior Project Manager** for the project.

Durrant is currently wrapping up project delivery services for Tivoli Village at Queensridge—a 1.4 million square foot, 18-building mixed-use development in Las Vegas, Nevada. Many of the project team members from this similar endeavor will be serving on the Noah's Ark team. Tivoli Village is anticipated to open in early 2009.

Durrant, headquartered in Dubuque, Iowa, celebrates 75 years of services in 2008. Durrant offers comprehensive architecture, engineering, and project delivery services from 9 locations nationwide. Durrant's St. Louis office is located at 1066 Executive Parkway in Creve Coeur.
