

Durrant Group Inc. to Serve on Prison Design Team

Des Moines, Iowa— The Durrant Group Inc. received notice from the State of Iowa that they will serve as Architect and Engineer of Record on the new \$131 Million State of Iowa Maximum Security Prison located in Fort Madison. Durrant, in collaboration with Venture Architects of Milwaukee, Wisconsin and HOK Architects of St. Louis, Missouri, will design the new 800-bed maximum security prison on a site adjacent to the existing facility which dates back to 1854.

The architecture and engineering team is charged with designing a state of the art facility that ensures safety for staff and offenders, is operationally efficient, utilizes advanced security systems, and is designed in a sustainable manner that reduces operating costs.

In the past ten years alone, Durrant has designed more than 200 Justice projects totaling \$3 billion in construction costs, 60,000 beds, and 20,000,000 SF.

At Durrant, design is our passion and our clients are our inspiration. We fuse expertise with innovation to deliver vibrant and functional designs, positively shaping the community and our environment. Durrant has been a leader in the A/E industry for over 75 years, and our 9 locations offer comprehensive architecture, engineering and project delivery services across the globe.
